DEPARTMENT OF STATE

WASHINGTON

February 16, 1957

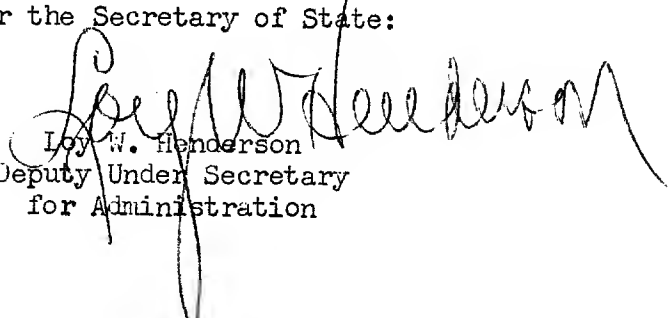

Dear Mr. Dulles:

The United Nations General Assembly has established a Special Committee on the Problem of Hungary which is now engaged in investigating the recent course of events in that country. This Committee has called upon the member nations of the United Nations to supply information and evidence pertaining to the Hungarian uprising and the intervention of the USSR in Hungarian affairs. The Department considers it of great importance to provide this Committee with full and appropriate source material to assist in its investigations. Since the Committee plans to conclude its current hearings by the end of February before proceeding to Europe to take additional testimony, the task of providing it with such material is urgent.

The Department has designated Mr. Frank G. Siscoe as a temporary Special Assistant to the Assistant Secretary for European Affairs to work with the United States Mission to the United Nations in obtaining and assembling source material including lists of knowledgeable witnesses whom the Special Committee may desire to hear, and in generally reinforcing the Committee's efforts. It would be appreciated if you would render to Mr. Siscoe and to members of his staff all possible assistance. In particular, it is requested that prompt and full access be afforded him and his associates to Hungarian refugees who are within your general jurisdiction in the United States or are presently located in installations abroad functioning under your general supervision.

Sincerely yours,

For the Secretary of State:

Loy W. Henderson
Deputy Under Secretary
for Administration

The Honorable
Allen W. Dulles,
Director of Central Intelligence.
